About IOGP

About IOGP

The International Association of Oil & Gas Producers (IOGP) is the voice of the global upstream industry. Oil and gas continue to provide a significant proportion of the world's energy to meet growing demands for heat, light and transport.

Our Members produce more than half of the world's oil and over a third of its gas. They operate in all producing regions: the Americas, Africa, Europe, the Middle East, the Caspian, the Arctic, Asia and Australia.

We serve industry regulators as a global partner for improving safety, environmental and social performance. We also act as a uniquely upstream forum in which our Members identify and share knowledge and good practices to achieve improvements in health, safety, the

environment, security and social responsibility.

About IOGP

Wherever you are...

Wherever you go...

Whatever you do... chances are you're relying on oil and gas for heat, light, power and mobility.
