

## Members of the association

VDZ's membership of 16 cement companies operate a total of 46 cement works in Germany. The industry employs a workforce of around 8,100 staff, who generate annual sales of over 2.8 billion euros. Four German firms and 23 foreign businesses are also associate members of VDZ.

The general meeting is VDZ's supreme body. Any natural or legal person may become an ordinary member of Verein Deutscher Zementwerke e.V. if they manufacture cements or cement-type binders that are standardised or approved by the building inspectorate in the Federal Republic of Germany.

Cement manufacturers from outside Germany and other organisations associated with the cement industry may be accepted by the association as associate members.

VDZ currently has 16 German cement companies as ordinary members, as well as four German firms and 23 foreign businesses as associate members.

The members of VDZ operate a total of 46 cement works throughout Germany. Clinker and cement is produced at 30 sites (integrated cement works). 13 companies are purely grinding works; one works is a mixing plant.
