

Producer Members

CAPP provides a strong, unified voice for Canada's oil and natural gas industry: one that initiates change and responds to issues on behalf of its members.

Our member companies have access to a number of benefits, services and materials, which they may use to enhance their corporate operations.

From emerging two person operations to internationally recognized corporations employing thousands of people, CAPP's more than 60 producer members actively and responsibly explore for, develop and produce Canada's petroleum resources.
